Trading Futures and Options on Futures involves substantial risk of loss and is not suitable for all investors. You should carefully consider whether trading is suitable for you in light of your circumstances, knowledge, and financial resources. You may lose all or more of your initial investment. Opinions, market data, and recommendations are subject to change at any time. Past performance is not indicative of future results. Trade Futures 4 Less is a division of Stage 5 Trading Corp.

Hi Kevin,

How do i get set up on the R API+. I've tried to login using the test environment connection settings that were previously sent to me by Rithmic Support but it tells me permission denied. Is it that the settings are different from the paper trading environment. I've successfully managed to log into the R Trader Platform though.

As I mentioned I would like to trade using the RApi+ that I previously demo'ed and I believe there are certification tests that must be performed prior to live trading.

Will appreciate your assistance.

Kind regards,

Andrew

Hi Andrew,

Send an email to [rapi@rithmic.com](mailto:rapi@rithmic.com) and let them know that you previously had the 30 day trial and that you would now like to go through the conformance testing in order to run R API on a live account. You should hear back from Jonathan or Eric and they will help you get set back up in the trial environment.

Let me know if you have any trouble.

Perfect. Give them your Rithmic Live and Paper ID so that they know which user to enable. I would also give them your old R API Trial info as well.

Let me know how it goes!
